

Congestion charging in Stockholm

CiViTAS
"quotes"

“ In response to severe congestion on the main access roads, the city of **Stockholm** adopted by a referendum a congestion charging scheme about 10 years ago

The results were positive, indicating a reduction of traffic by **18%*** in the congestion charge zone (equivalent to **96,000** vehicles per day)

*(for the period 2006-2008)
